ASSISTANT COMMISSIONER FOR PATENTS  
Washington, D.C. 20231

S I R:

Declaration of Michael P. Straub, Esq.

This Declaration is submitted in support of a  
Renewed Petition under 37 C.F.R. 1.47(b).

I hereby declare that:

- 1) On August 7, 2002 letter, I sent, to the non-signing inventors' last known address, a letter with a complete copy of the patent application and a Declaration form. The letter requested that the Declaration for the above referenced patent application be executed and

returned for filing with the U.S. Patent Office. A copy of the letter is attached to this Declaration as Attachment 1;

2) I did not receive a response to the August 7, 2002 letter but confirmed that it was accepted by a person at the inventors last known address on August 9, 2002 based on Federal Express delivery information. A copy of the Federal Express delivery information is attached as Attachment 2;

3) I conducted an unsuccessful Internet search to try and find a telephone number for the Inventor;

4) On, Sept. 9, 2002, I sent a second letter with another complete copy of the patent application and Declaration form to Mr. Leleu at his last known address. In the second letter I requested for a second time that the declaration for the above referenced patent application be executed and returned for filing with the U.S. Patent Office. A copy of the second letter is attached hereto as Attachment 3;

5) I did not receive a response to the Sept. 9, 2002 letter but confirmed that it was accepted by a person at the inventors last known address on Sept. 11, 2002 based on Federal Express delivery information attached as Attachment 4.

6) In a further attempt to contact the invention by telephone and/or to locate another address for the non-signing inventor, Mr. Leleu, I conducted Internet searches for a telephone number for the inventor in the city of his

last known address. I also searched on the inventor's name in conjunction with the work Brazil, the country in which the non-signing inventor was last known to be located in an attempt to discover useful information about the inventor's whereabouts so that he could be contacted. Unfortunately the searches did not result in any useful information. Attachment 5 includes printed excerpts relating to the search as evidence that the search was conducted as asserted in this declaration.

7) I have made a bona fide attempt to present a copy of the application papers (specification, including claims, drawings, and oath or declaration) to the nonsigning inventor for signature. Based on my failure to receive a reply to the two accepted letters addressed to the nonsigning inventor at his last known address, I believe that the inventor is refusing to sign the Declaration form for the above referenced patent application.

The above statements are based on my personal first hand knowledge.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements may jeopardize the validity of the application or any patent issued thereon.
